Quality Products Since 1939

About McCallum Australia

McCallum Australia has been manufacturing high quality hardware products for the Australian market since 1939.

Our products are designed and developed in Australia, made from the highest quality materials and processes to exceed the high demands of Australian Standards and the market.

McCallum Australia is the pre-eminent hinge manufacturer for Australia. Our products have been used in hundreds of thousands of projects across Australia – including some of the most prominent such as, The Sydney Opera House, New Parliament House Canberra, and Crown Casino.

McCallum's pioneered the extruded aluminium hinge that features aluminium pressed endcaps, keyed flanged nylon bearings and stainless-steel hinge pins. We have included these innovative design features in our popular heavy duty fast-fix hinge range.

Our range of products are used extensively throughout the Australian market and are sort after by tradespeople, specifiers and technicians for new projects, repairs, refurbishments, and retrofits.

McCallum Australia products are sought for their key attributes:

- Quality
- Reliability
- Technical innovation
- Value

We support this with a focus on strong customer support.

McCallum representatives and stockists would be pleased to discuss and offer advice regarding your hardware requirements.
